NOTICE**HEALTH INFORMATION ADVISORY RESCINDED****Environmental Health Update for Consumers of Water at
Richmond Community Drinking Water System**

Southwestern Public Health is writing to advise that the Health Information Advisory (HIA) issued for Richmond Community Drinking Water System on July 6, 2026 due to elevated nitrate levels in the water supply is now **rescinded**.

Recent water sample results indicate that nitrate concentrations have returned to acceptable levels and are below the Ontario Drinking Water Quality Standard of 10 mg/L (as nitrogen). Based on the available information and consultation with the appropriate regulatory authorities, the water supply is considered safe for its intended use.

If you have any questions, please contact the Environmental Health Department at Southwestern Public Health at 1-800-922-0096.

Dr. Ninh Tran
