ABOUT VICTORIA PARK SENIORS CENTRE (VPSC)

Victoria Park Seniors Centre is a municipal recreation facility operated by the Community Services Department of the Township of Centre Wellington. Our goal is to enhance the well-being of older adults through a lifestyle that embraces physical activity and social interaction. Victoria Park Seniors Centre provides a wide range of social, recreational, educational, wellness and volunteer opportunities for older adults. Programs offered (in-person and virtual) are tailored to those 55+, however, all registered programs are open to all adults looking to stay active, develop new skills and friendships. There are two pricing levels in this Guide: a member price and a non-member price. We invite you to drop by and experience the benefits of participating.

Welcome Tours and Information

New Members' Talk and Tours are held monthly at VPSC to provide you with information on programs and services offered. Are you a new member to the VPSC or haven't visited us in awhile? Join us to chat about programs happening at VPSC, ask questions and meet other new members. Upcoming sessions: September 21, October 19 or November 16 at 10:00 am. Please pre-register. If you can't attend one of the sessions, please call VPSC to schedule a tour at your convenience or drop in anytime.

VPSC Advisory Board

Victoria Park Seniors Centre is run by a volunteer Advisory Board comprised of seven elected VPSC members and one appointed TCW Council Representative. The Advisory Board acts as a liaison between seniors and the Township of Centre Wellington and works with the Community Services Department to provide recreational opportunities for older adults. Meetings are held on the first Monday of the month at 9:00 am. All members are welcome to attend. Interested in joining the Board? Positions are available beginning January 2027 for three-year terms by election or acclamation at the Annual General Meeting held November 26, 2026 at 2:00 pm. Contact VPSC for more information.

VPSC Program Committee

This volunteer committee organizes special events, lunches and fundraisers for VPSC. Meetings are held the first Monday of the month at 10:15 am. Interested in providing input into programs and special events for older adults? This committee is always looking for new ideas and volunteers to help.

Fitness and Dance Descriptions (In-Person)

All Around Fitness

An invigorating full body fitness class that gets your heart rate up for 20 minutes and spends time strengthening all major muscle groups, uses a variety of equipment and no class is the same. We end the class with a full body stretch to feel rested and restored for the rest of the day. Good for both beginner and intermediate fitness levels, as you can scale everything to your own needs. All done standing or seated. No floor work. Instructor: Jennifer Wilson.

Barre Strong

This is a low-impact, strength, flexibility, balance and core conditioning work out. It combines elements of pilates, yoga and small isolated strength movements to build total body muscle definition, increase flexibility, improve posture and core strength. Barre Strong has an upbeat flow providing cardiovascular benefits as well. Moderate to advanced level and includes floor work. Instructor: Angie Reid.

Building on the Basics

This class uses a variety of exercises and equipment to help build overall strength, and stability with a focus on core centered exercise zeroing in on the back and abs. Moderate level class designed to bridge the transition from beginner to intermediate levels. Each class includes a warm-up and a cool-down/stretch period. There will be floor work with modifications available. Instructor: Angie Reid.

Core & Control Circuit

Core strength, stability, mobility and control is the focus. You will move through a structured combination of core conditioning, floor-based strength exercises, and low impact functional movements designed to improve muscular strength, stability, balance, and control. Classes emphasize precise,

form-focused body weight and resistance exercises, blending circuit-style training with slow, intentional sequencing to support joint health, posture, and overall movement quality. A mix of equipment will be used. Moderate to advanced levels. Modifications available. Must be able to get down on floor. Instructor: Angie Reid. No class November 11.

Dance Choreography for Fun for Seniors

Have a great time learning gentle and enjoyable dance sequences tailored for seniors. For each class we will warm up, explore a new music genre, and keep moving with an array of dance styles. Meet like-minded individuals in a welcoming environment. No dance experience needed. Wear indoor running shoes or dance shoes. Instructor: Norah Wardell. No class November 27.

Essentrics

Essentrics is a dynamic, gentle, full-body workout that simultaneously combines stretching and strengthening while engaging all 650 muscles. Perfect for all ages, this program will increase your mobility, flexibility and overall strength while relieving aches and pains. With a diverse music playlist accompanying each routine, this low-impact workout leaves you feeling energized. No floor work. Bring a thin yoga mat to class. Instructor: Karen Murtagh. Note new Wednesday 10:30 am class. No class October 12 or November 11.

Low Impact Cardio and Muscle

An intermediate to advanced level, moderate to high intensity class for those with good mobility. Approximately 20 minutes cardio, 15 minutes of muscle and a stretch at the end. Instructor: Angie Reid. No class November 11.

Movement for Healthy Joints & Muscles

Enjoy gentle warm-ups to lubricate your joints and maintain range of motion as well as some stretching to improve circulation and reduce stiffness. We will add movement to build strength in the

muscles using light weights (optional). Full body benefits every week including balance practice and brain teasers. Exercises are drawn from yoga and other movement systems. All are done seated on a chair or standing (no floor work). Bring a thin yoga mat. Optional: yoga block, small pilates ball and light weights or borrow from VPSC. Instructor: Karen Murtagh. Note: new Thursday class.

Move Strong

This moderate, low-impact strength training class is designed to keep you strong, mobile, and energized, while making movement feel good. Each session helps you feel your movement to build body awareness, move away from pain, and learn to work with your body rather than against it. Using natural movement patterns that improve range of motion and release tension, you'll perform mostly standing exercises (no floor work) while building balance, strength, and flexibility. Every class supports you in moving more confidently and with ease in daily life, leaving you feeling empowered, independent, and joyful about movement. Instructor: Aimee Young.

Osteo Fit

Physical activity plays an essential role in the treatment of Osteoporosis by stimulating our bones to maintain structure and strength. When treating Osteoarthritis, it is important to ensure proper alignment of joints. Four types of exercise are necessary in the management of osteoporosis and osteoarthritis: strength, posture and core stability, balance and weight bearing. Improving strength, balance and posture reduces the risk of falling. Note: New Monday 1:00 pm class with instructor: Charlene Sedgewick. Monday 2:15 pm & 3:15 pm and Wednesday classes instructor: Jane Gage, Reg. Kinesiologist. No class: October 12, November 11, November 30.

Pilates: Gentle

This class is designed for those looking to keep mobile and work at a slower pace to improve everyday function. Whether

you are post surgery, recovering from an injury or wanting a gentler movement experience, by the end of this class, you should be able to use your core muscles more effectively, improve balance, muscle tone and strength and improve posture. Each class has gentle standing exercises, floor or chair-based Pilates exercises and relaxation. Class suitable for all ages and levels. Mats and props supplied. No previous experience needed. Instructor Kelly Offer is a Registered Massage Therapist and certified Pilates Instructor who specializes in pain relief and injury recovery through movement. No class September 28, October 5 and October 12.

Pilates: Mixed Level

Progressing some of the beginner exercises and reinforcing the fundamental moves for a full body conditioning class. See improvements in core strength, mobility, and flexibility. No previous experience required. Equipment supplied. Instructor: Kelly Offer. No class October 1, October 8 or October 15.

Pilates Strong

A strength-focused fusion class offering a refined blend of traditional Pilates and strength-based movements. Using controlled, deliberate sequences, the class emphasizes core strength, muscular endurance, stability, and overall body control. Movements include a combination of isolated Pilates exercises and integrated strength work, primarily performed on the floor but will include standing stability flows as well. Designed to support functional strength and balanced movement in a low-impact format. Moderate to Intermediate levels. Instructor: Angie Reid. No class October 12.

Recreational Belly Dance

This is a weekly drop-in activity group. Learn basic moves and easy choreography. Great for strengthening your core. Wear something comfortable to dance in (leggings, yoga pants) and ballet type shoes. Beginners welcome. No class October 12.

SENIORS

Strength Training

An intermediate level class for those wishing to increase strength, balance and flexibility. All equipment supplied. Participants should be able to get up and down from the floor. Instructor: Angie Reid.

Strength Training: Beginner

A beginner strength training work out with a focus on total body strength and an emphasis on improving balance, stability and flexibility. No floor work and a chair may be used for added support. Instructor: Angie Reid.

Strength Training & Core

This revitalizing fitness class is designed for anyone who wants to stay strong, balanced, and energized. This strength-focused session combines resistance training and core exercises tailored to all fitness levels. Learn safe and effective movements to improve muscle tone, posture, and stability - all crucial for maintaining independence and reducing risk of falls. Whether you're new to strength training or looking to enhance your routine, this class provides modifications and guidance to meet your needs. Let's build strength, stability, and resilience together. Instructor: Charlene Sedgewick. No class October 12.

Introduction to Shakespeare

Boggled by the Bard? We'll explore Shakespeare's life and world, and the stage he wrote most of his plays for, The Globe Theatre, as well as sources he consulted for his plays. Then we'll look at one scene to illustrate the 5-act structure of Shakespeare's plays, and the inner workings of iambic pentameter, the verse form in which Shakespeare wrote. Once the structure of Shakespeare's play is clear, along with a knowledge of the time in which he lived, understanding the action of any given Elizabethan play (even those written by other playwrights) becomes much easier to do. Presented by Eric Goudie, Theatre Coordinator.
