COBOURG

Office of the Mayor

I will be establishing a Virtual Community Ideas Bank to the Mayor's Office in 2027. This will allow citizens the opportunity to provide ideas and suggestions which will then be reviewed and presented to Council as a way of providing input and suggestions allowing for greater potential community engagement and impact.

I want to thank Cobourg resident Diane Manol for coming up with an early version of this concept. I will be providing more fulsome details in the coming months as the Cobourg Mayor's Office Virtual Community Ideas Bank is nearer to launching.

My hope is that residents will take full advantage of the Ideas Bank once it is launched.

Kindly,

Lucas Cleveland
Mayor Elect, Town of Cobourg
