9. Summary of Development Proposal

Provide a complete written description of the nature of the application with details of the proposed development including but not limited to: proposed use(s), height/storeys, floor area(s), number of parking/loading spaces, landscape area, etc. If additional space needed, attach (a) separate page(s) to this Application.

Owners of the property are proposing to add an attached 2 car- garage w/half loft and walk-out basement addition/attached deck - overall footprint 1200 square feet. This addition will be no closer to road and no closer to waterfront than existing primary dwelling. Current setback of primary dwelling from lake is 145.0' and 135.0' from the attached existing deck.

10. Relief

Provide a written explanation of the nature and extent of the relief being requested from the Comprehensive Zoning Bylaw. A land use planning consultant or other qualified professional may be able to assist you:

We are seeking relief to be closer with proposed addition and relocated septic system to intermittent creek (see dimensions on site plan provided). As directed by HH Planner, we have obtained an EIS study and will be submitted as part of this minor variance application.

11. Reason

Provide a written explanation of why the proposed development or use cannot comply with the Comprehensive Zoning Bylaw. How or can the proposal be modified to comply with the regulations? A land use planning consultant or other qualified professional may be able to assist you in providing an explanation:

Based on the existing house location - this is the only location to add an addition due to setback requirements and for garage in location to existing driveway.

12. Rationale

Did you conduct a Pre-consultation with the Municipality? (●) Yes ( ) No

If yes, please include any correspondence with the Municipality.

Tests for a Minor Variance or Permission Application
Please provide a written explanation of why/how the proposed development or use is consistent with the Provincial Policy Statement and either meets the tests of a Minor Variance or Permission Application. To see these tests, check the Minor Variance or Permission Guide. A land use planning consultant or other qualified professional may be able to assist you in providing planning rationale to support your Application. If more space needed to answer, please attach (an) additional page(s):

1. Maintain the general intent and purpose of the County of Hastings Official Plan;

Yes - this proposed addition meets the intent and purposed of the County of Hastings Official Plan for an expansion of a residential dwelling.

2. Maintain the general intent and purpose of the Zoning Bylaw;

Yes - the only request we are making is to be closer to intermittent creek within wetland area which is owned by property owners. We have commissioned and EIS with conclusion that this addition will have no impact with conditions noted in their report.

3. Desirable for the appropriate use of the land; and

Yes - this proposed addition is desirable for use of land as many neighbouring properties have similar structures/use.

4. Minor in nature

Yes - we believe the request for this relief of setback to intermittent creek is minor in nature based on the supporting EIS.

13. Property/proposed development

16. Site Plan Requirements

All Minor Variance Applications must be accompanied by a complete site plan that is clear and meets the minimum requirements for a site plan found in the Comprehensive Site Plan Guidelines below.

16.a) General Requirements

i. A Site Plan must be sufficiently detailed for Municipal staff to review.
ii. A Site Plan must be completed to the satisfaction of Municipal staff.
iii. If an Applicant is unable to meet the requirements and complete a site plan to the satisfaction of Municipal staff, you may need to hire a qualified professional, including an Ontario Land Surveyor, designer, architect, engineer, or land use planner.
iv. An Elevation Plan of the building may be required to confirm the building height.
v. Floor Plans of the building may be required to confirm the use of the building.
vi. An Ontario Land Surveyor may be required to be hired, at the landowner's expense, to create an up-to-date Surveyor's Real Property Report (SRPR) of the property and existing development.
vii. For proposals on waterfront properties, the Municipality recommends including a landscaping plan in the Application to indicate how natural vegetation will be maintained or restored on the property.
viii. All setbacks and distances are to reflect the closest distance between the structure and the feature.
ix. Where there are existing structures on a property, a separate drawing outlining the existing location of all structures on the property may need to be prepared in addition to the proposed site plan.
