A Heartfelt Thank You to Our Municipal Councils

As municipal elections approach, I want to take a moment to say a sincere thank you to the municipal councils across North Hastings that have supported our hospital and the work of the North Hastings Fund Development Committee.

Over the years, we have been fortunate to build strong relationships with our municipal partners. Your support has meant far more than financial contributions. It has demonstrated a genuine belief that our local hospital matters and that keeping quality healthcare close to home is something we all share responsibility for.

We know that supporting the hospital is not always an easy decision. Municipal councils have many competing priorities and responsibilities, and we have never taken your support for granted. Whether through a financial contribution, a public endorsement, helping us engage your community, or simply being willing to listen and have a conversation, you have helped strengthen the hospital and the community it serves.

What we value most is the trust and partnership that has developed between our municipalities, the Fund Development Committee and Quinte Health. We have been able to approach councils with a request, have an honest conversation about the need, and know that our concerns would be heard and considered thoughtfully.

With some familiar faces not returning to council after this election, I especially want to acknowledge the councillors and mayors who have given their time, leadership and support over the years. Your contribution to the hospital will be part of its story for many years to come.

To those who will continue to serve, we look forward to continuing that relationship. And to those who are moving on, please know that your support has made a difference.

Thank you for believing in our hospital, trusting us and understanding how important local healthcare is to the people who live here.

We are truly grateful for your partnership and for everything you have done to help ensure that our hospital can continue to provide care close to home.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kim Bishop", with a horizontal line extending to the right.

Kim Bishop, Chair

North Hastings Fund Development Committee
