Subject: A Regional Investment in Kawartha Nordic

Dear Mayor Amyotte,

Kawartha Nordic Ski Club, located in North Kawartha Township, is undertaking a Capital Expansion Project to support the growth of our regional nordic ski centre over the next 50 years by constructing two new buildings to replace temporary structures. A detailed overview of the Project is attached below.

As a not-for-profit organization, we are asking surrounding municipalities and townships to respectfully join us with a modest capital contribution toward this important project.

Kawartha Nordic welcomes residents from across the region, providing affordable opportunities for skiing, recreation, outdoor education, volunteerism, and healthy winter activity.

Kawartha Nordic's 11,000 to 12,000 visits annually include residents from across our surrounding municipalities and townships. In 2025-26 we delivered school-based programming to over 1,000 students and recreational and competitive programs to 125 children and youth.

We recognize that municipal governments face competing priorities and significant financial pressures. Our request is therefore intentionally modest. We are asking each municipality to consider a contribution proportionate to your size and capacity—ideally in the range of $5,000 to $15,000.

We hope Council will view this request as an investment in accessible outdoor recreation that improves the quality of life of residents and those well beyond municipal boundaries.

We would welcome the opportunity to make a brief presentation to Council, answer any questions, and discuss how your municipality can participate in this exciting next phase of Kawartha Nordic's development.

Yours sincerely,

Cathy Bolan
President
