

FOR IMMEDIATE RELEASE

Action-packed PD Days on the horizon at the North Perth Public Library

North Perth, August 21, 2025 - With roughly one Professional Development Day a month on the horizon for students in the Avon Maitland District School Board, the North Perth Public Library is taking action.

Starting with the PD Day on September 2, 2025, all North Perth Public Library branches will have exciting activities to entertain students for the day. All programs are free, cover a wide age range, and are inclusive. There will be a variety of both structured programs and passive activities to participate in at any time.

This is a first for the North Perth Public Library after hearing the need for things to do on PD Days. Staff have been working tirelessly behind the scenes to bring this to the North Perth community and are excited for the launch on September 2, 2025.
