AREA AFFECTED BY THIS BY-LAW

The lands are to be rezoned to amend the Special Agriculture Commercial/Manufacturing Zone (ACM-7) to remove the maximum floor area of the buildings, remove the site-specific lot coverage and remove the site-specific front, interior and rear yards setbacks in the existing ACM-7 Zone which would then be regulated under the general ACM provisions. The amended zoning would also reduce parking to what is currently on site (23 spaces inclusive of accessible) where the zoning would normally require 68 spaces. The proposed zoning amendment will facilitate the construction of a warehouse addition for the grain/feed mill operation.
