- 2 Use the link provided in your Voter Information Letter, scan the QR code, or click the button included in your email to access the Voter Portal.

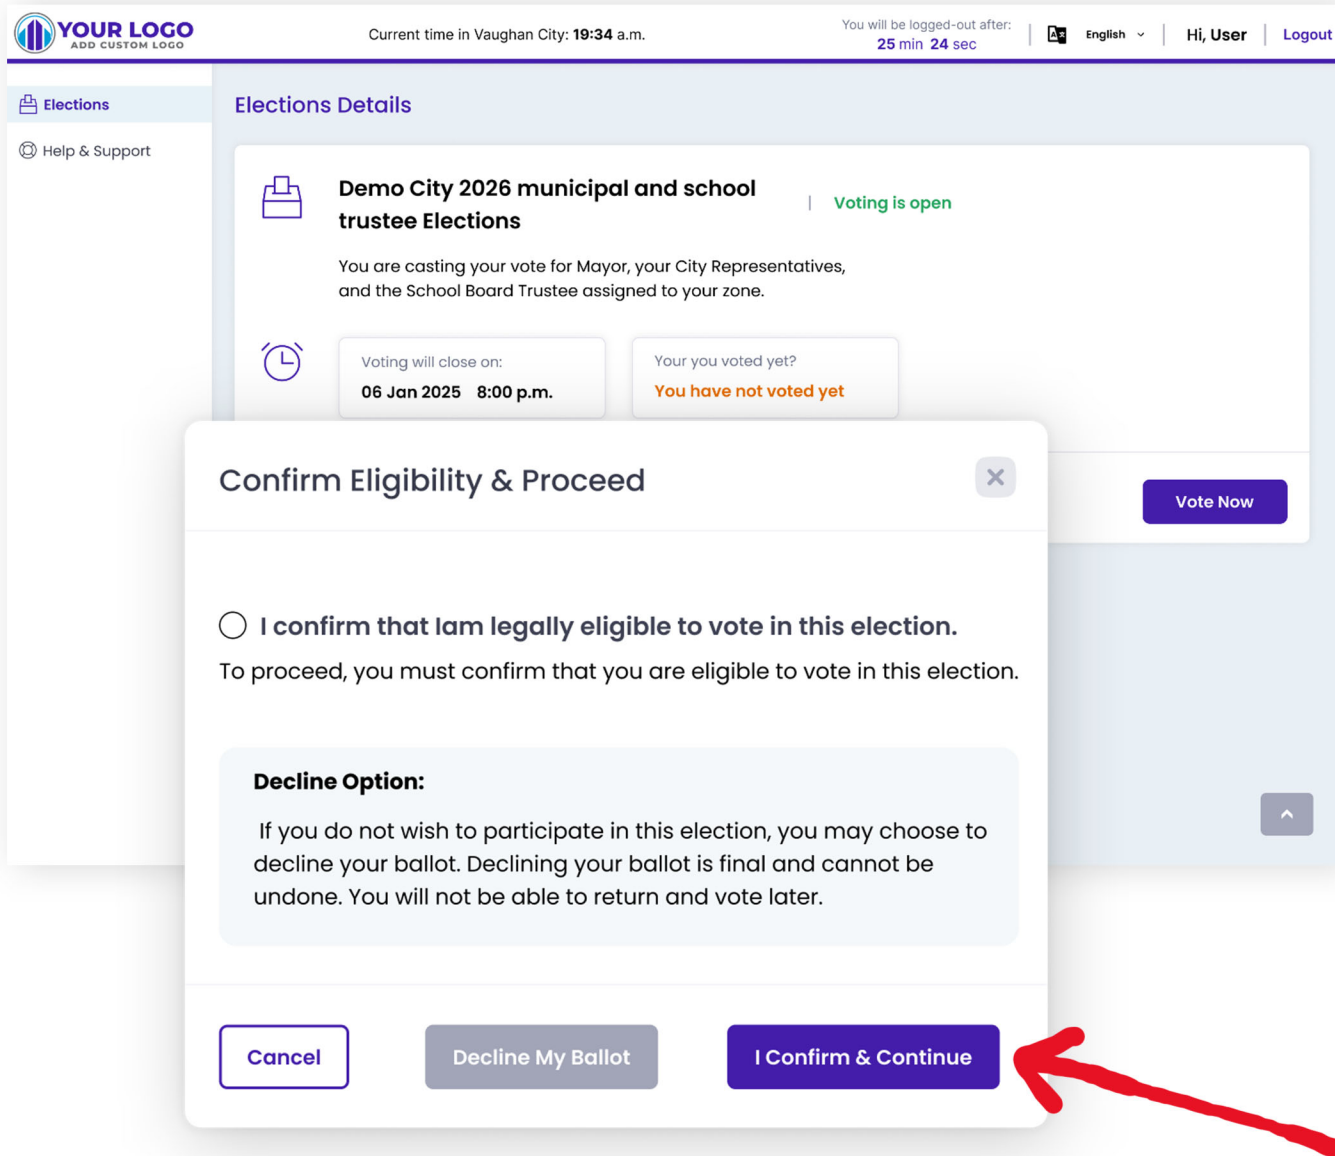

To log in securely, enter the PIN from your Voter Information Letter along with your date of birth, then click **“Login.”**

3

Once you have successfully logged in, you will be redirected to the voter dashboard, where you can view information about the current election, including the countdown to the close of voting and your voting status.

The **“Vote Now”** button will only become active once voting has officially opened. If the button is not yet active, please check back later. Once it becomes available, click **“Vote Now”** to begin casting your ballot. Please note: the **“Vote Now”** button is only accessible during the official voting period.

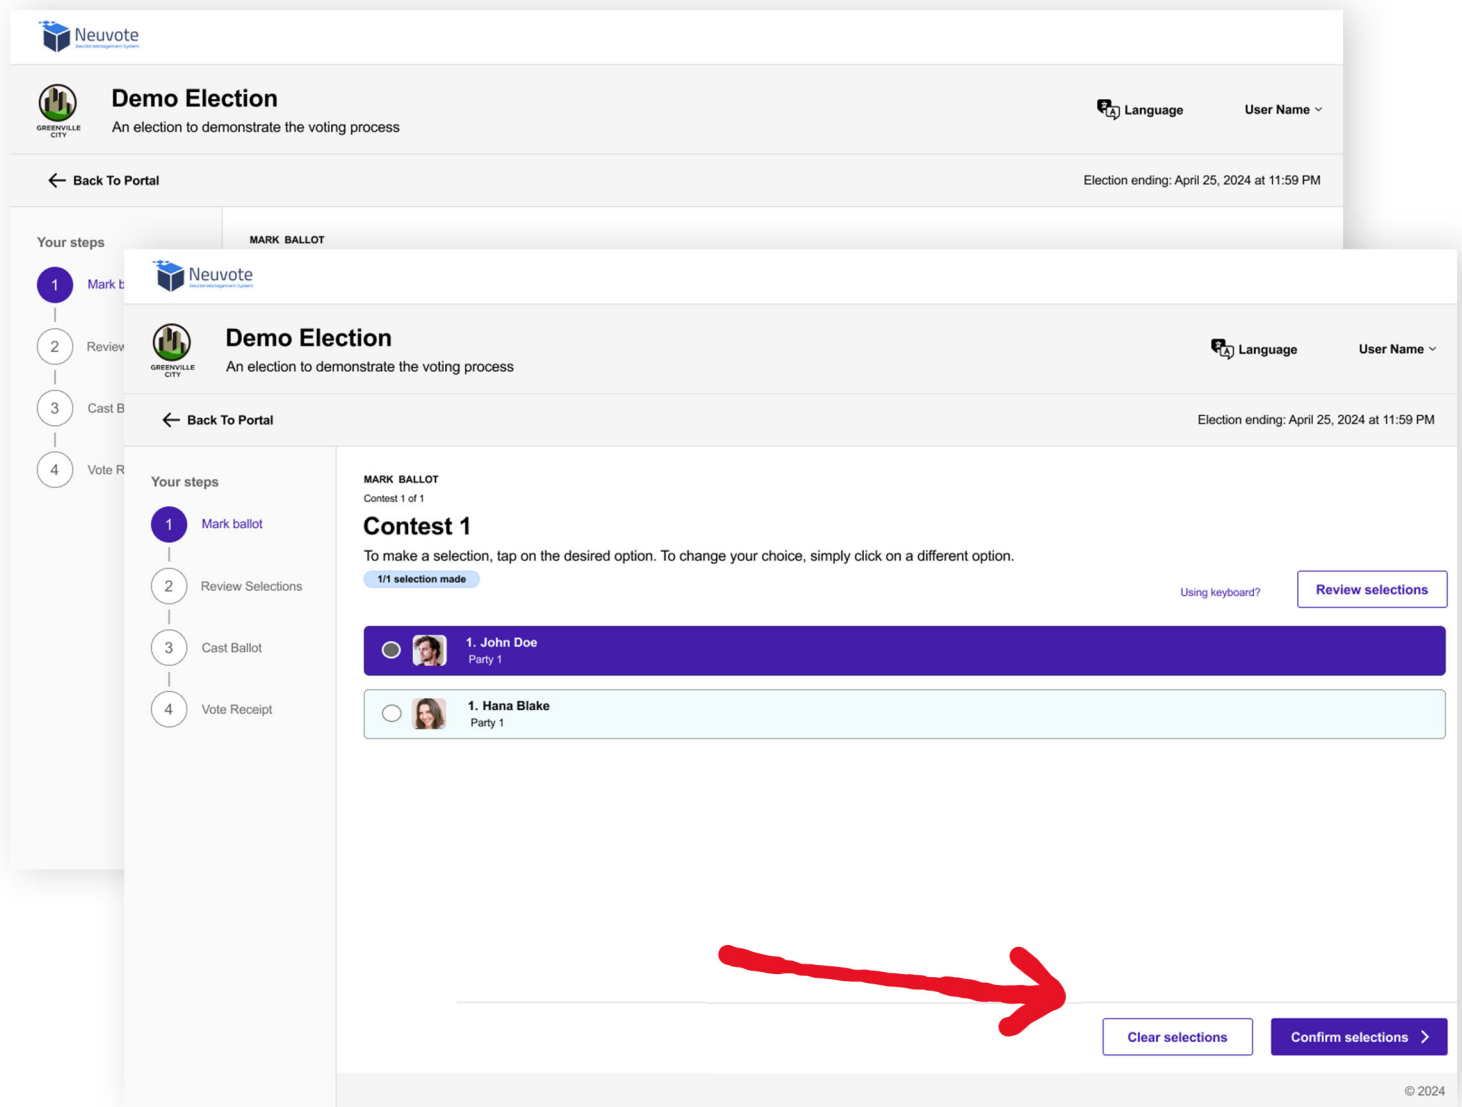

4

Once you click “Vote Now,” a confirmation popup will appear asking you to confirm your voter eligibility. You must check the confirmation box before you can continue to cast or decline your ballot.

Please note that the option to decline your ballot may not be available in all municipalities.

After confirming your eligibility, click “**I Confirm and Continue**” to proceed to the election ballot.

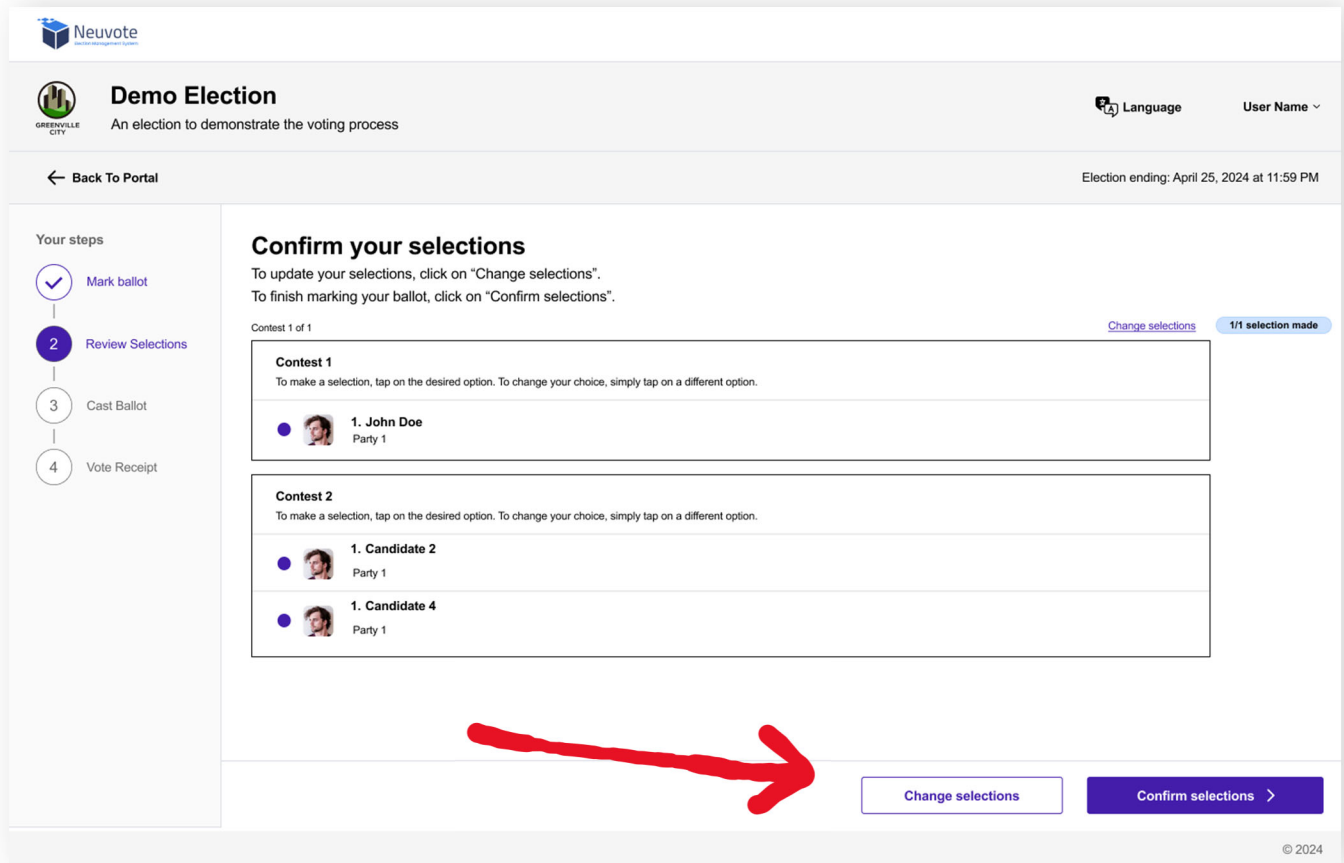

5

You will now be directed to the ballot page, where you can begin casting your vote.

The ballot will display the available races and corresponding candidates, such as Mayor, City Councilors, and School Trustee, depending on your municipality's election requirements.

To vote, select your preferred candidate for each race and click **“Confirm Selections”** If you wish to change your choice before confirming, you can use the **“Clear Selections”** button to remove your current selection.

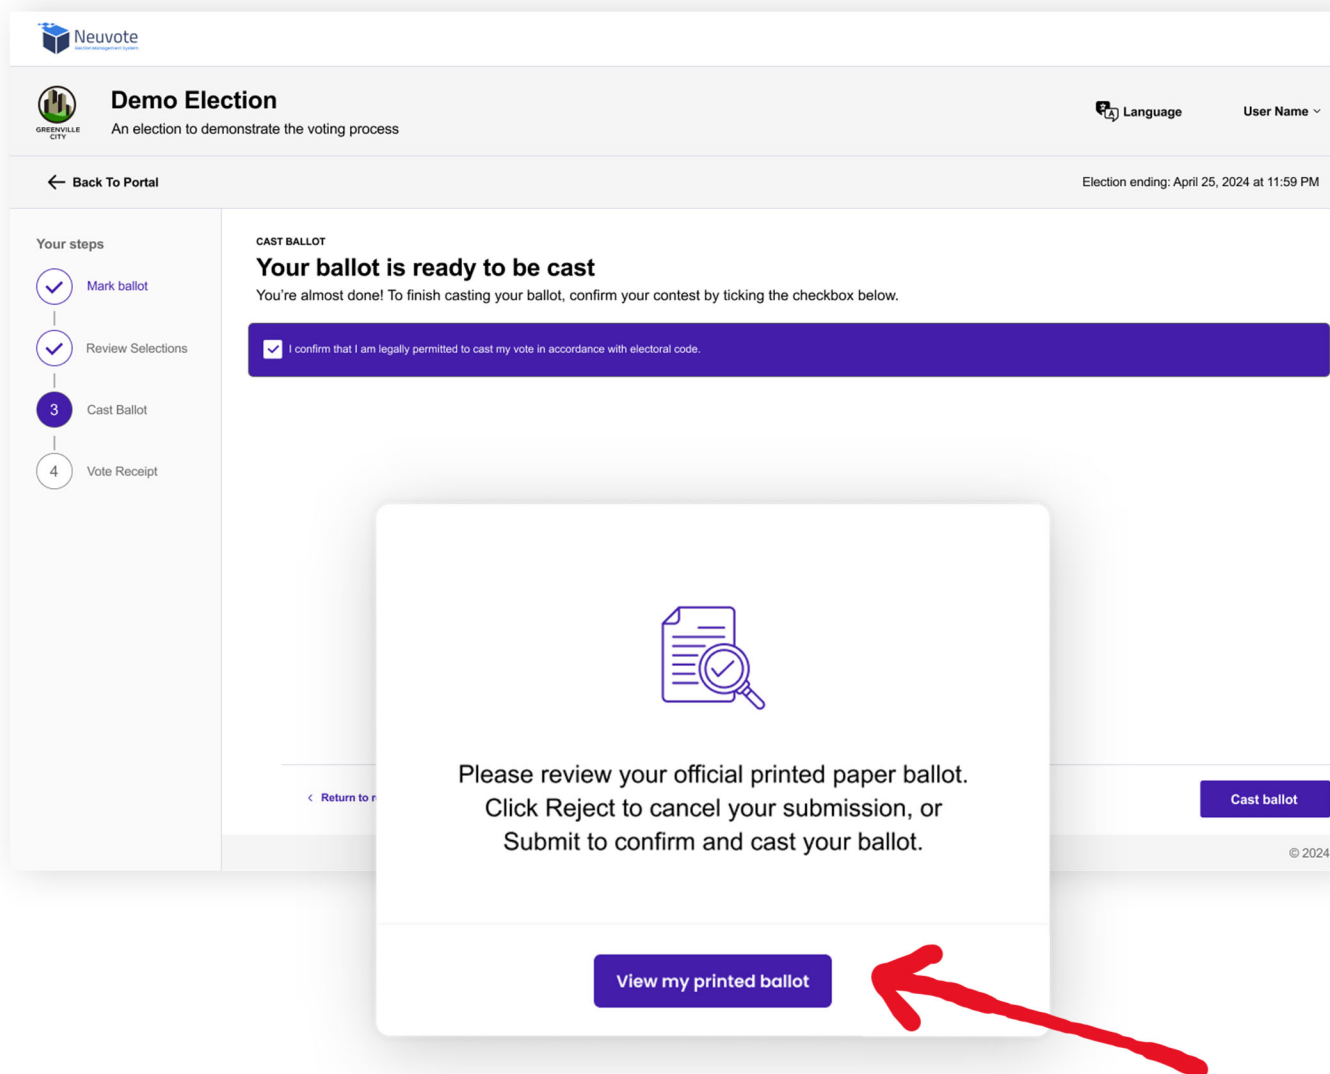

6

After you have selected and confirmed your candidates for all races, you will be taken to a review screen where you can carefully review your selections before submitting your ballot.

If you would like to make any changes, click **“Change Selections”** to return to the ballot screens and update your choices.

Once you are satisfied with your selections, click **“Cast Ballot”** to finalize and securely submit your vote.

7

After confirming your selections, you are now ready to securely cast your ballot. Click “Cast Ballot” to proceed. In some municipalities, you may also have the option to view an image of your marked ballot before final submission. If not available “jamb to step no.9”

If this feature is enabled by your city, a popup window will appear asking if you would like to “**View my printed ballot**”

This window will close in

You will then see an image of your completed ballot exactly as it will be submitted. After reviewing it, click **“Cast Ballot”** to successfully finalize and submit your vote.

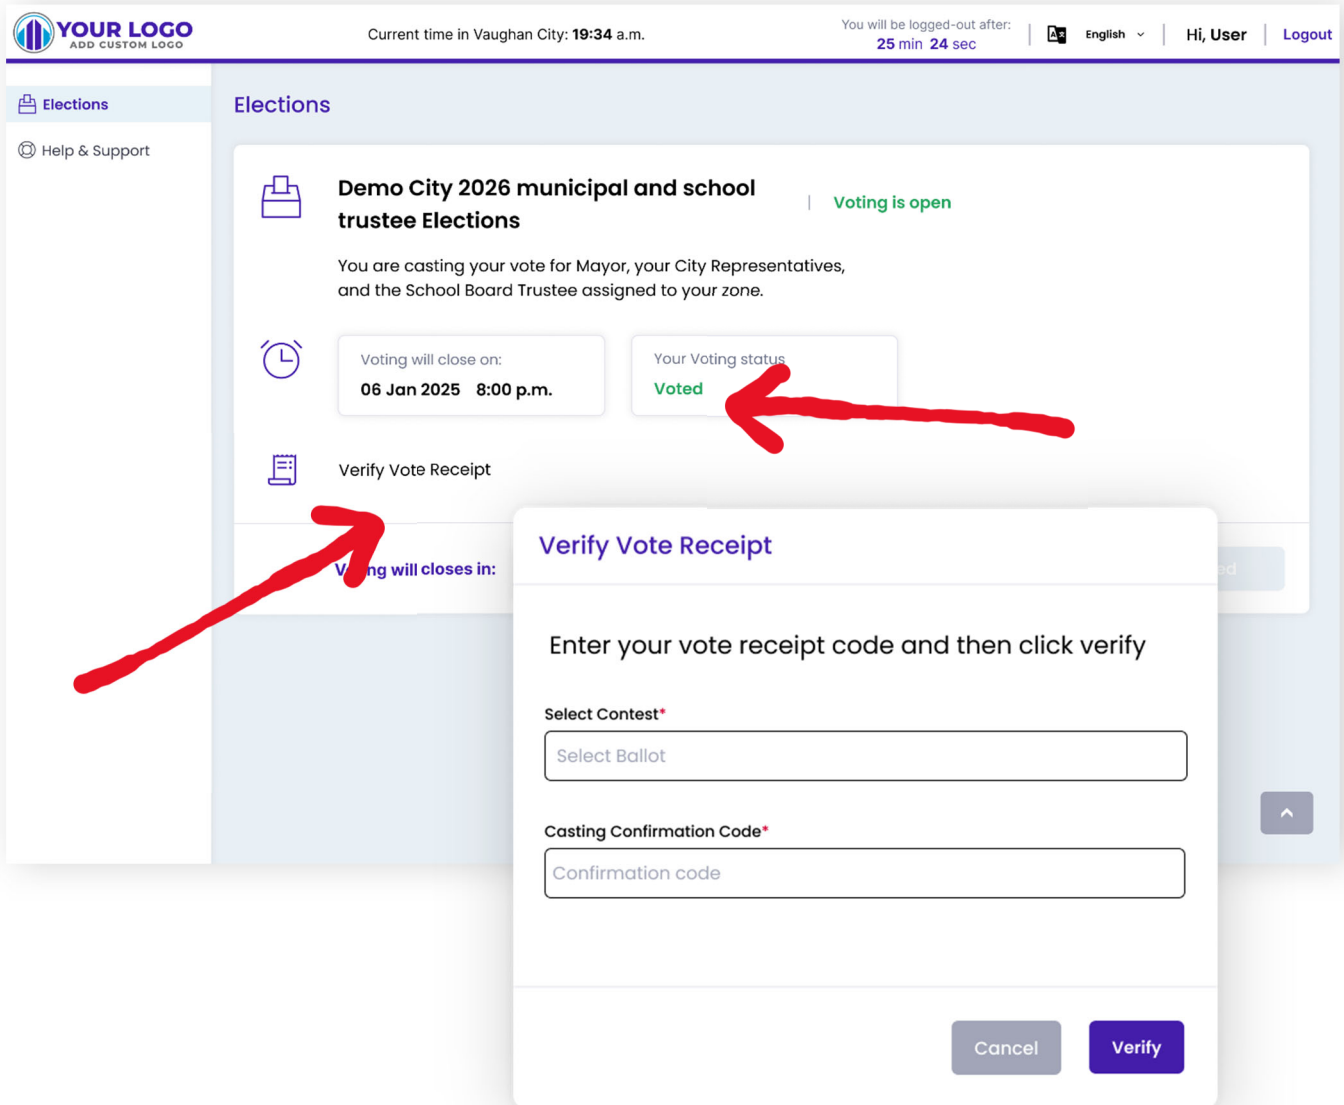

9

Congratulations! You have successfully cast your ballot, and your vote has been securely recorded.

You will now see a confirmation screen displaying a unique confirmation code that can be used to verify your submitted ballot. A copy of this confirmation code will also be sent to your registered email address.

Please save or copy the confirmation code for your records. Once finished, click “Back to Portal” in the top-left corner of the screen to return to the voter portal.

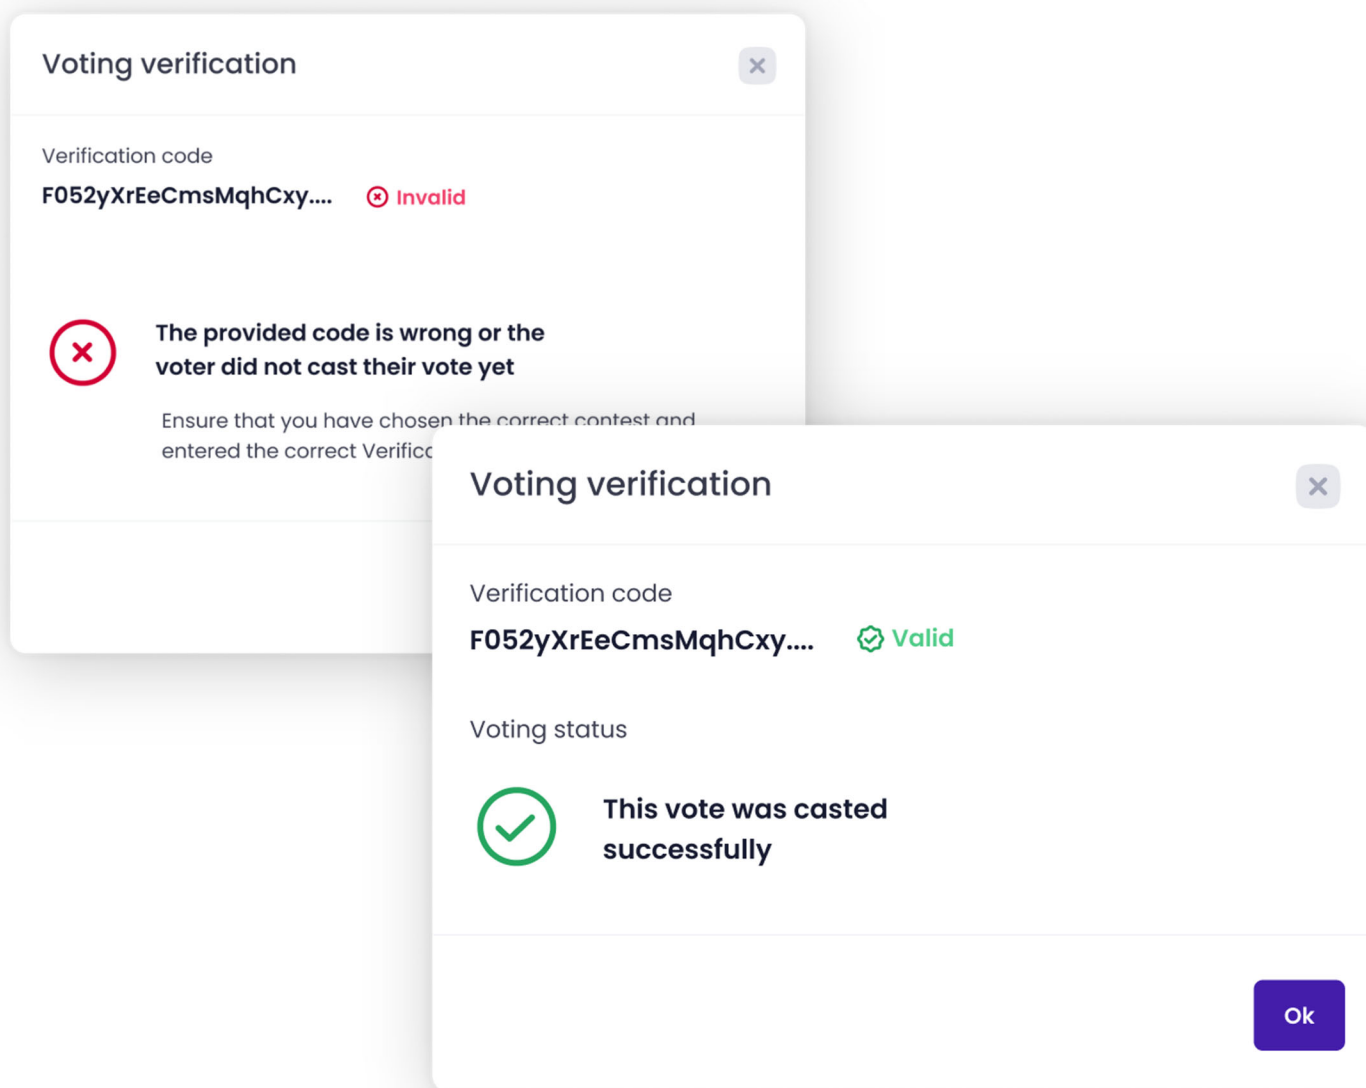

10

Back in the voter portal, you will notice that your voting status has now changed to **“Voted.”** You will also see a **“Verify Vote Receipt”** link available on the page.

Click **“Verify Vote Receipt”** to open the verification popup.

From there, select the appropriate race and enter the confirmation code associated with that race. Once entered, click **“Verify”** to confirm your vote receipt.

11

Once you click **“Verify,”** the system will display the verification result for your vote receipt.

If you have successfully cast your ballot and entered a valid confirmation code, you will see a confirmation message indicating that your vote receipt is valid.

If an incorrect code is entered, or if the code is not associated with the selected ballot or race, the system will display an invalid receipt status

# Thank You!
